st Three Miles Will Be From Connellsville Toward Normalville; Highway Is Part of the Sproul System, He Tells City Boosters.

be Connellsville to Farmington's project in the interest of which dozens of citizens was held here today and at which a committee interview Senator W. E. Crow with new to having the program speed is being pushed as rapidly as it said State Treasurer H. M. Kephart one of the original boosters of highway on his arrival this morning from Harrisburg for a brief vaca-

he Normalville road as Treasurer Kephart calls it, is one in which he recently interested. The people who were anxious that the work started can rest assured Mr. Kephart says that no stone is being unturned at Harrisburg by him and Senator Crow to bring about results further, said the state treasurer first three miles of the road will be constructed on the Connellsville.

This has been agreed to be laid. At the meeting Thursday there was doubt as to whether the d was a part of the Sproul system or must be constructed by the e and county jointly. It's a part the Sproul system Mr. Kephart s. He personally saw to it that was included and therefore is in upon to know.

Mr. Kephart was unable to say just the contract may be let. There been a dearth of bidders for road & it is learned with conditions stated contractors are somewhat about submitting proposals

bere need to no disagreement among the boosters of the Connells e to Farmington road and those want an improved highway up Indian Creek valley by way of man Head to Somerset. Both ts are essential he indicated and building of a road to Normalville. But Run cannot have any bearing the plans of the valley residents projects are separate.

Mr. Kephart called attention to the visit of the State Highway Commissioner Lewis S. Sadler to Fayette county on his tour of inspection road work in this section, during which he went through the unpleasant experience of a ride over Connellsville's main thoroughfare Crawford Avenue.

Before the people of Connellsville he here for road improvement out it would be well for them to their main street," he remarked substance commenting on the deplorable condition of the street, perhaps before winter sets in something will have been done toward saving of Crawford avenue. The tier has several times been before that but has not reached the stage action.

Although this division maintained the heavy casualties of any combat division which engaged the enemy and was in action from start of the war its accomplishments have been less frequently mentioned than many other divisions. This has been due largely to the fact that it was made up of men from all over the United States without any considerable number from any single locality. Hence its achievements excited general rather special interest like that centered upon divisions composed of troops from a single state.

The division was made up of the 12th and 23rd Infantry the 12th 15th and 17th Regiments of Field Artillery the Fourth Fifth and Sixth Machine Gun Regiments and the Second Engineers all Regular units and the First and Sixth Marine s.

Going overseas in the winter of 1917 the division took the line for the front in March near Verdun. The division had a quiet career for a month or so but when the German advance reached Chateau Thierry the division was rushed to stop the onward advance of Paris and here after it had a hot and heavy up to the signing of the armistice having participated in five major operations over seas two months ago.

The division hung up numerous records for itself. It captured 250 Poche officers 1178 men 344 pieces of artillery and 137 machine guns. It was in prisoners was only five officer and 102 men. The total number of guns taken was 6,500 more.

At the same time 1,000 were killed. The casualties in the division were 2,000 of whom 1,750 were due to combat deaths. The casualties were one-tenth of the entire total of all the combat divisions of the First Army. The First Division alone on the front with 36,000 men in including the 12th and 17th Regiments and the 15th and 17th Field Artillery Regiments reached the Rhine in time to receive the armistice.

During the war the home service cases at one time ran as high as 700,000. Thirty thousand workers, 28,000 of whom were volunteers, were engaged in this work. Of the 3,700 chapters rendering home service 2,300 were in communities with a population of less than 8,000. Now that the war is over it has been decided that chapters may undertake work with other families where the field is not covered already by other social agencies. The Red Cross will not seek to perpetuate home service as an integral part of its organization, but will leave each chapter free to establish it independently for the Red Cross any time it seems advisable to do so.

HOME SERVICE

Red Cross Assists 350,000 Families of Service Men.

A report from 58 per cent of the home service sections of the American Red Cross shows that 356,573 families of soldiers and sailors are being assisted by this organization. The service is in touch with more than 500,000 families. Grants and loans of money amounting to \$56,063.75 were made during a recent month, and money released to dependents of soldiers and sailors during the past fourteen months has totalled \$6,856,760. This fund is taken from Red Cross chapter treasures, which are maintained by membership dues and war funds.

**BIG BATCH OF ITEMS FROM
OLD DUNBAR AND VICINITY**

Special to The Courier.
DUNBAR, Aug. 16.—One of the most delightful social events of the Pechin section was the party given Monday night by Mr. and Mrs. William Leapline at their home on Ferguson road in honor of their guest, Miss Winona Coffman of Uniontown. The house and lawn were beautifully decorated with hunting and Japanese lanterns. After enjoying games and music until 10:30, a lunch was served after which the company dispersed, each declaring they had never had a happier time. Those present were: Misses Irene Baker, Jessie Baker, Theima Carr, Mary Mader, Geneva David, Ruby Leapline, Viner Leapline, Charlotte Baker, Beatrice Baker and Winona Coffman. The young men were: Walter Bryner, Lewis Bryner, Walter Carr, Milton David, Rhoderick Coffman, William Baker, Lester Leapline; also the following out-of-town guests: Misses Bessie Kemp, Carrie Bryson, Clara Moore, Carrie Moore, Evelyn Foltz, Jennie Morgan, all of Mt. Braddock; and Miss Emma Foltz, Gussie Gillespie and Virginia McClain of Dunbar.

Miss Evelyn Kelly of Pittsburgh is visiting relatives and friends in Dunbar and vicinity.
C. W. Baker, Jr., Mr. and Mrs. Herbert Baker and daughter, Dorris, Miss Charlotte Baker, all of Pechin, and Herbert Baker of Keffers, motorized over to Oxford, Tuesday and enjoyed the West Penn picnic.

Miss Ruth Laugher of Uniontown, and Miss Pearl Bates of Dawson were visiting Mrs. David Baker of Church Hill, Thursday.

Miss Winona Coffman has returned to her home in Uniontown after spending a very enjoyable week with her friend, Miss Ruby Leapline of Pachia.

The old West Penn station house at Perry has been removed and set up at Ferguson passing siding where it will accommodate four families, none of whom live within a fourth mile of the station. Not questioning the right of these four families to have a waiting room, the placing of the same would indicate that the big company is studying the protection and partial comfort of their occasional patrons, and before their hearts are frosted by the approaching winter it is hoped the company will provide a suitable shelter for the more than 16 families at Keffer station, who with their children make more than 200 pairs of the company.

Rev. Dr. J. J. Hill, district superintendent of the McKeesport district of the Pittsburgh M. E. conference, preached an able sermon in the M. E. church here last Sunday evening, after which the fourth quarterly conference for the present year was held.

A most enjoyable reunion of the representatives of the McCain-Millers-Car-Lehman families was held in the green valley at old Center Furnace in the mountains last Sunday.

Mrs. R. J. McGee of Franklin road entertained the Gaddis Adult Bible class at the church last Tuesday evening.

Mrs. Robert Brown of Ferguson is a fine equestrienne, riding with ease and grace of a skilled cow-girl whose apparel has riding costume somewhat resembles. Last Sunday, astride her trusty mustang, she piloted a hay party to the mountains and buck in safety. Her husband is an equally good horseman and whenever they gallop along Ferguson road they are sure to have interested spectators.

Thomas T. Morrison was in Uniontown on business Thursday morning.

Substantial improvements are being made to the Herskovitz house on Connellsburg street preparatory to leasing the same.

Mrs. Herman Earhart of Mt. Bradock was calling and shopping in Dunbar, Thursday.

Pochin Sunday school held a very enjoyable picnic in the church at Tucker Run. Thursday. They went to the mountains in autos, but when the rain came abandoned the grove and spread the refreshments in the church.

Hamilton Hughes of Keffers motorized to the mountains last Sunday and held services in the church at that place, and visited his parents, Mr. and Mrs. Jonah Hughes during the afternoon.

Mrs. Minerva Moyer and Miss Margaret Reed were Connellsburg callers and shoppers Thursday.

David S. McDowell of Keffers had the swellest time of his 64 years of life at Oakford Park Tuesday. Davy is the smallest man in Dunbar township in stature, but his vote counts just as much as the heaviest citizen on election day. He is a bachelor, but nevertheless, has great admiration for feminine beauty. He found enough of it at the West Penn picnic.

Mrs. John Parnell left yesterday for a visit with friends at Glencoe.

Mrs. G. Wright has returned to her home at Donora after a several days visit with her sister and brother-in-law, Mr. and Mrs. John Davis.

C. E. Yeagley was a business visitor to Ohio yesterday.

Mrs. Grant Eyle and niece Mary Stanton left yesterday for a visit with friends at Somerset.

Rev. J. H. Henry of Addison, Pa., was here yesterday on his way home from a visit with friends at Centreville, Pa.

B. A. Miller, Baltimore & Ohio agent at Garrett, was a visitor between trains here yesterday.

Mr. and Mrs. William Steele left yesterday for a visit with friends at Uniontown.

**Big Lot of
Hay Fever Jokes**

**But Kentucky Man Says—*"People Who
Belong to Hay Fever Colony Are
Kidding Themselves."***

**Wouldn't Be Any Rose or Hay
Fever if Simple Home Remedy
Was Given a Chance.**

"Yes, there's a real NINTY-NINE per cent effective remedy for hay or rose fever," truly states a druggist in a prosperous Kentucky city. "But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

"The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of Monobolized Arsenic and by just adding water that has been boiled make a pint of liquid that will prove a real help to all who suffer."

"Many of my hay-fever friends tell me that by starting to gargle and snuff or spray the nostrils a few times a day the expected severe attack often fails to appear and in cases where it does show up is very mild and does not annoy."

"The Better Class of Pharmacists" who dispense Monobolized Arsenic say it will greatly modify any attack even when taken three or four days after symptoms begin.

Go to a real live druggist when you want ready to make a pint.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feron Is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence. You can have nerves of steel. Grow strong, new courage and keen mind by parting your blood and nerves in first-class shape with mighty Bio-Feron, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drug themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feron tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feron is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand and many packages.

**MAKING CONNELLSVILLE A REAL
CITY.**

While we here at home have been
prone to boast of the many advantages
of Connellsville as a manufacturing
site, and have pride ourselves
that we know all the good points of
the First City of Fayette as a com-
mercial center, it seems that it takes
strangers to really appreciate how
well this immediate section is adapted
to these purposes.

Proof of this is furnished in the se-
lection of Connellsville as the most
desirable point in Fayette county as
the location of a large feed enterprise
and of a bakery. This selection be-
comes all the more interesting from
the fact that the choice of Connell-
sville is as the site of these enterprises
was arrived at after inspection of
Uniontown and other points and the
advantages of each over a rigid com-
parison with a view to determining
which would be better. In this
critical examination of locations the
adaptability of each to the use of
motor transport as vice was a large
factor and in each case Connellsville
won.

We may have in a general way
known that Connellsville is partic-
ularly favored as a central point from
which to quickly and cheaply reach a
large and prosperous section but we
have to a certain extent failed to
emphasize this advantage to the de-
gree its importance deserves. At the
same time we may have not fully rea-
lized the importance of the motor as
a factor in transportation. Men from
a distance where the motor truck has
come into more general use have ap-
parently sensed this quickly if not
also more completely the possibilites
of this form of product distribution
from Connellsville as a center than we
ourselves have, or at least they have
been entirely willing to back their
judgment in this regard with the in-
vestment in two very important and incus-
sive enterprises.

This has been a done occasions
no little gratification to those of our
citizens who in season and out of
season have been urging the ad-
vantages of Connellsville as a desirable
place for the establishment of a diversified
line of industries. No less for-
tunately should it remain us that the de-
velopment of these advantages is a
matter which in a very large measure
rests with ourselves. In this connection
we have immediately at hand a
project the completion of which will
be the means of making available to
Connellsville advantages which it
possesses more in respect than in
realization. This is the building of
the improved highways which will
link Connellsville within easy reach
of all living districts through the use
of which the trade of our business and
industrial enterprises may be expand-
ed and the patronage of an increasing
number of buyers and consumers at-
tracted to our city.

The extent to which we will be able
to benefit from such improvements
will depend very much upon the ac-
tivity of the people of the city dis-
play in helping to bring about an in-
auguration of this work. Self interest
no less than community pride ought
therefore to prompt every person who
can aid in this to do so in any and
every way opportunity offers to make
Connellsville a real center.

WISL PROTECTION.

The precautions taken by Acting
Major Hoover and Antonio Bufalo
with respect to the specifications for
the car load of government food have
been very wise and prudent. It was
most important to ascertain before
hand what the people of the community
want as well as the articles for
which there will be no demand.

The experience of Uniontown in this
respect appears to have been unfor-
tunate a very considerable quantity
of the food received having been round
without demand among the people of
that city. Through the forethought ex-
ercised by those in charge of the mat-
ter here this condition will be avoided
and with every advantage to the people
who desire to avail themselves of
the opportunity to obtain a supply of
food at fairly reasonable prices.

Having specified in the order the
proportions of the several kinds
of food a census of the city indicates
the people prefer to buy the dispos-
ition of the contents of the car will be
an easy matter provided the people
make known application for what they
want.

Recent events in social and politi-
cal circles in Uniontown would indicate
that the country capital has no present
need to place an order for food for
the coming winter.

With the patters across lined up
behind the tunnel walls to farming
on road it is safe to say that something
will soon be doing.

For County Commissioner

George W. Hibbs

George W. Hibbs a native Fayette
countian and for many years active
in the agricultural business and political life of the county is a candidate
for the Republican nomination for county commissioner subject to be pri-
maries on September 16. A prominent member of the office having been ap-
pointed to fill a vacancy Mr. Hibbs is seeking election for a full term on a
platform which pledges a thorough and careful administration of the affairs of this important office. His appointment is recent appoint-
ment has given him a start in his career in county and admin-
istration of the county and he is determined to hold his position and to do his best
to serve the public.

Mr. Hibbs was born and reared in a farm in Redstone township where
he lived until about 15 years ago when he came to Uniontown. He was

elected a member of the board of education in 1910 and when Uniontown became

a third class city he was one of the first councilmen elected under the

new charter. He was named supervisor of accounts and finance and in

1917 was reelected to city council as chairman of this important committee of the city during 1918. He was serving in this capacity when appointed to this office.

During the coming campaign Mr. Hibbs hopes personally to meet every

voter in the county and explain his program to county officials. He will

appreciate any efforts to be made in this regard and trusts he will be

an opportunity of becoming a member of the board of commissioners.

and considering today's prices—MORE.

You can buy Kobacker Furs with a reliance on our reputation for fair dealing—and our guarantee that your purchase will come up to your highest expectation.

The Truth About Furs

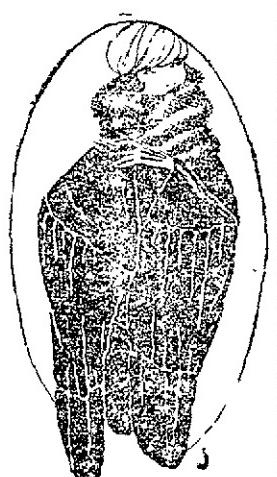

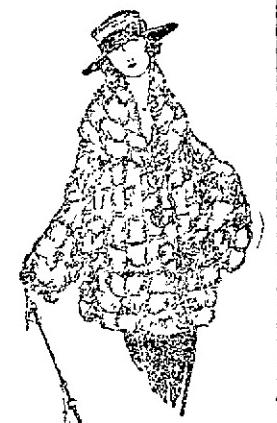

Madam, let us be candid with one another. Let us consider the question of Furs frankly. How much does anyone of us who is not an expert know about Furs. Can you tell the age of the animal by the appearance of the fur? Do you know the season of the year in which it was caught? Can you tell the condition of the fur and how cured? Yet all these things determine the worth of a piece of fur—how much service it will give you.

Only an expert of long experience can tell the practical worth of a piece of fur. Some dealers sell furs for what they can get—others for what they seem to be worth—but not being experts their judgment is most often wrong.

Our Furs were selected by experts months ago at the lowest prices and these savings are en-

joyed by you in our regular prices LESS 25 PER CENT.

The World War affected everything and everybody. It played havoc with the Fur market. With so many trappers and traders of the Far North on military duty, and the great need of fur garments for the military, depleted supplies. Therefore prime skins and pelts are decidedly scarce. Having anticipated this scarcity, we went into the Fur Markets early, secured first selection at big savings in present prices. That saving goes to you in this August Fur Sale of the most fashionable of next winter's garments. If you miss this opportunity you will pay much more in October or November, and many of the real stylish furs you will not be able to secure at any price.

CARNEGIE GOT MOTTO FOR LIBRARIES AT GREENSBURG

GREENSBURG, Aug. 14.—The Hon. Colonel George F. Huff and late Andrew Carnegie secured the motto, which he caused to be placed over all his fine libraries, from the motto over the library of a former Greensburg attorney, the late William A. Stokes, who resided in the mansion on Seton Hill, which later was transformed into St. Mary's preparatory school for boys.

This most interesting fact was made known yesterday by W. R. Barnhart of Greensburg, who received a letter from Mr. Carnegie, written on July 7, 1905, at his Scottish Highland home, Skibo Castle, Dornoch, Sutherland, Scotland. The letter was written at an interesting visit Mr. Barnhart made to Mr. Carnegie at Skibo Castle at that time.

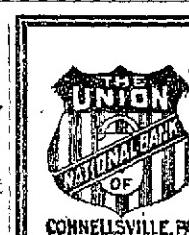

In 1905 Mr. Barnhart was touring Europe. Arriving at Edinburgh, Mr. Barnhart decided to call on Mr. Carnegie and thank the Laird of Skibo Castle personally for his gift of the beautiful pipe organ, given to the Second Reformed church of Greensburg, of which Mr. Barnhart was an official.

Sending in his card to Mr. Carnegie, the Greensburg man was instantly admitted to the presence of the steel king. When Mr. Carnegie was informed that Mr. Barnhart was from Greensburg the Scottish Laird was delighted and inquired about a number of the Greensburg people whom Mr. Carnegie knew when he was in Greensburg as an employee of the Pennsylvania railroad. He especially inquired about Thomas Lynch, saying, "We all liked Tom Lynch." Before his guest left Mr. Carnegie sent a personal message to Mr. Lynch. He also inquired about the late General Richard Coulter, Attorney Jacob Tur-

MOUNT PLEASANT, Aug. 16.—The first grand house I ever was invited to spend Sunday in was that of Will A. Stokes of Greensburg. Pa. I was then, I think, seventeen.

"I admired his grand library. Upon arrival, there was carved these words from Bacon:

"He that cannot reason is a fool.
He that will not, a bigot.
He that dare not, a slave."

"I have dared to reason and reject all that disapproves and to follow only the judge within," conscience, the product of Divine reason.

"Andrew Carnegie,
To W. R. Barnhart, Esq., of Greensburg, Pa., who has kindly called upon me this morning and asked me to copy the words."

Who Served With the A. E. F.

WITH THE AMERICAN FORCES
IN GERMANY, July 24.—(Correspondence of the Associated Press)—The Buck Privates Society organized at Montauban by members of the First division, announced recently that headquarters in the United States would be opened in Chicago late in August with Edward M. McGuire, national field representative, in charge. Branches are to be established in every state in the union, according to present plans.

Private Paul F. Collins, battery D, 6th field artillery, of Los Angeles, California, is president of the society which has several thousand members. All headquarters of the society in the different states will be known technically as "dug outs." A woman's auxiliary is also planned, which will include in its membership all women who served with the American Expeditionary Force, such as welfare workers, telephone operators and nurses.

As its platform the society has adopted these planks: "Broader educational work; clearer politics; compulsory schooling for all boys under sixteen years of age; to make bigger and better Americans and to interest ourselves in industry, commerce and labor."

The society is characterized as a "great monument for the heroic dead of the A. E. F." and it is planned to make fathers and mothers of men who died in action in France honorary members. One of the duties of members of the society will be to make an annual visit to the homes of soldiers who died on the battlefields of the world war.

Membership in the society is restricted to privates.
